20 CENTS PER WEEK

TRAIN SCHEDULES ARE REDUCED, PLANTS ARE CLOSING OVER ENGLAND

MILLION AND HALF MEN IDLE AS RESULT OF MINERS' STRIKE

(International News Service.)
LONDON, Oct. 18.—With a million mine workers on strike and a half million others idle as a result, the British government is today bending every effort to prevent a spread of the strike to railways and docks. Railwaymen of Scotland are reported ready to quit work immediately in a general strike throughout the United Kingdom to support the miners. Train schedules were reduced today and manufacturing plants in all parts of England, Wales and Scotland are either closed or working part time. The Newcastle races have been abandoned. Conferences are being held today between the leaders of the miners, railway men and dock workers and representatives of the government and industrial magnates.

No violence has been reported. Premier Lloyd George is expected to make a statement in the House of Commons when Parliament opens Tuesday.

BIT HER, BUT GIRL PLEADS FOR DOG

(Newspaper Enterprise Association.)
SAN FRANCISCO, Oct. 18.—Although he bit her lip so badly that stitches had to be taken, little Adele Perron is pleading for the life of "Bobbie," condemned by the police to die. "Bobbie" is a brindle and white bull dog. He killed several neighborhood dogs in fights and Adele says that the bite he gave her was an accident and that he was trying to protect her from some "dog fancied" harm.

HE'S 16; KICKS DOWN THE JAIL

(Newspaper Enterprise Association.)
OKLAHOMA CITY, Oct. 18.—Wayne Conklin, 16, recently escaped from a training school and held in the county jail here pending his return, eluded his guards and leisurely kicked a hole in the prison brick wall before sliding to freedom via a drain pipe.

SUGGESTS GOVERNMENT BORROW MONEY, LOAN IT TO THE FARMERS

(The Associated Press.)
WASHINGTON, Oct. 18.—George P. Hampton, managing director of the Farmers' National Council, wrote the Federal Reserve Board today suggesting that if the board decided against requesting the members to discount farm paper and warehouse receipts, that the government borrow the money and loan to the farmers at one per cent above the rate the government pays.

MOTION PICTURES URGED AS PARTIAL BOOK SUBSTITUTE

(The Associated Press.)
PHILADELPHIA, Oct. 18.—Motion pictures will eventually displace many textbooks in the public schools, predicts Louis Nussbaum, associate superintendent of the schools in this city. Thirty public schools here now have motion picture machines and rent films from the film exchanges for use in their lessons. "More can often be learned in five minutes with an instructive specially prepared motion picture film than in an hour of study from the text-book," said Mr. Nussbaum in urging the idea before the property committee of the board of education. "Motion picture machines would help out in the text-book shortage."

REWARDED—BY COURT FOR LONG SERVICE

(Newspaper Enterprise Association.)
PETERSBURG, Ind., Oct. 18.—Mrs. Hattie Bullock thought she ought to have something for 21 years of nursing and keeping house for the brother-in-law, H. R. Snyder, banker. The court thought so, too, and she has just been awarded \$1,500 for her services.

The first five president of the United States ended their terms of service each in the sixty-sixth year of his age.

Judge Titus Says He'll Clamp Lid Down Tight Here

Henry T. Titus, city commissioner in charge of the police department, and member, with the other commissioners and mayor, of the municipal court, stated Saturday that he intended, by the first of November, to enforce the "blue laws" of the state, in Dayton, "clamping the lid down on this town, everything closing in the city on Sunday except drug stores for the sale of drugs only. There is going to be no gambling, no defiance of the screening law, no failure to clean up, and no one will get mercy in MY court," said the commissioner.

"The Czar of all Dayton" will, according to his plans, regulate Sundays in Dayton to the following extent: No garages will be allowed open, the sale of auto supplies being forbidden. No store of any nature will remain open, as several grocery stores in the city now do.

The sale of tobacco, soft drinks, candy and any other articles outside of drugs for illness will be prohibited. No restaurant will be allowed to open between midnight of Saturday and midnight of Sunday.

No gambling will be allowed, the gambling houses of the city to be closed. The few merchants still operating slot machines and punch boards will be forced to do away with them.

Churches, it is believed, will be allowed to open on Sundays. No mention has been made as to whether liquor will be allowed to be sold on Sunday.

While the judge stated that such laws would be enforced by the city police about November 1st, any changes in the city laws made at this time, in codifying the laws, will have to be published 30 days, so it is believed the "clap up" will be delayed a little longer than planned.

"BULL" NOT A LIE BUT EXPANDED TRUTH, SAYS SLUSH WITNESS

(International News Service.)
CHICAGO, Oct. 18.—The recent sessions of the Senatorial "Slush Fund" committee here, which had to do with the charges and counter-charges of large presidential campaign funds, besides developing many interesting facts about campaign funds, turned up a definition of the well-known "bull."

Fred W. Upham, Republican National committee treasurer, characterized some statements of the Republican Official Bulletin as "bull." His assistant, Harry M. Blair, "financial wizard" of the Republican campaign fund-raising activities, used the same term while testifying regarding the truth of a Democratic charge. "Then you mean to say this statement is a lie?" demanded Senator Reed.

"No, just bull," said Blair. "What is the difference between 'bull' and a lie?" Reed asked.

"Bull is expanded truth," answered Blair without hesitation, while everybody in Judge Page's courtroom laughed heartily.

"I'm glad to get an official definition of the troublesome word," Senator Reed said.

4000 PIES—TOWN STOPS BUSINESS

(Newspaper Enterprise Association.)
NEWCASTLE, Ind., Oct. 18.—Tuesday, Oct. 12, was a day to be remembered in Newcastle for on that date 4000 chickens and 4000 home-made pies were the inducements to bring everybody in the town to the Henry county fair. Every merchant closed his store so as not to miss any of the eats.

A new botanical garden is to be established at Versailles as an adjunct to the famous Jardin des Plantes in Paris.

JAPS OVERHAUL ALL FORTIFICATIONS IN APPARENT WAR MOVE

(International News Service.)
LONDON, Oct. 18.—The Japanese government has begun to overhaul all Japanese fortifications, says a Tokyo dispatch, to the Daily Express today. Japan is preparing to fortify its South Islands in the North Pacific.

PRODUCERS PLAN A DRIVE IN CONGRESS AGAINST THE F. R. B.

(International News Service.)
WASHINGTON, Oct. 18.—The firm refusal by the Federal Reserve Board to extend further credits to producers to aid in holding crops from the market for higher prices led today to the formation of plans for a drive before Congress in December, to have the Reserve Act amended so that some restrictions upon farm collateral may be removed.

REORGANIZATION OF BASEBALL UP FOR DISCUSSION

(The Associated Press.)
CHICAGO, Oct. 18.—A discussion of plans for the reorganization of baseball under a civilian tribunal was started at a joint meeting of the National and American league club owners here today.

FIND NO CLUE TO KILLING OF YOUNG COLLEGE STUDENT

(The Associated Press.)
PHILADELPHIA, Oct. 18.—The police have found no clue to the mystery of the death of Elmer C. Drevs, Dartmouth college student, who was found dead Sunday on the outskirts of Philadelphia with a bullet wound in his head. No weapon was found, nor were auto tracks visible.

ROOSEVELT CHARGES REPUBLICANS APPEAL TO RADICAL HATREDS

(The Associated Press.)
GRAND RAPIDS, Oct. 18.—Democratic Nominee Roosevelt charged Republicans with appealing to radical hatreds and said that prejudices will continue to bear fruit long after the election. "Wild charges about internationalism lead the ill-informed to believe that other countries are plotting against us," he said.

Women Registered in Daytona to the Number of 1058, White Women Leading Colored by 98

(The Associated Press.)
DAYTONA, Oct. 18.—The registration of women in Daytona for the November election, which closed Saturday evening, showed 1058 white women and 960 colored women registered.

Above are the figures of registration in the Daytona precinct during the recent period of new registration for the November election, which closed Saturday evening. In addition to the above figures there are approximately 900 white and colored women already registered at previous general elections, swelling the number of persons qualified to vote two weeks from tomorrow, to more than 3,200.

It is interesting to note that the above figures show a slight percentage of white over colored people, the margin however being but 28 registrants, the colored people totaling 964 and the whites 992. A total of 1,956.

The exceptionally large registration of white women in Daytona is due to the great interest taken in the measure by the ladies of the Palmetto club, led by Mrs. Geo. N. Chamberlin, the president, and active sponsor of the movement to bring out a 100 per cent registration for the November election.

Not only are the women of Daytona determined to poll a large vote, but by the classes of instruction held weekly, are determined to vote most intelligently on national issues.

Must Give Maiden Name. Deputy Registration Officer Geo. F. Crouch, who has borne the brunt of registration of so many persons the past month, and who has conducted the registration in a most able manner, said today that he wanted every woman, going to the polls, to bear in mind the fact that they must give their maiden name, and not the name of their husband, when they get their ballot.

This will greatly alleviate the confusion of so many persons the past month, and who has conducted the registration in a most able manner, said today that he wanted every woman, going to the polls, to bear in mind the fact that they must give their maiden name, and not the name of their husband, when they get their ballot. This will greatly alleviate the confusion of so many persons the past month, and who has conducted the registration in a most able manner, said today that he wanted every woman, going to the polls, to bear in mind the fact that they must give their maiden name, and not the name of their husband, when they get their ballot.

JUDGE SAYS JURY MUST INDICT FOR LYNCHING NEGRO

(The Associated Press.)
SPRINGFIELD, Ga., Oct. 18.—Judge Lovett, of the Effingham County Superior court, in charging the grand jury, instructed them to indict someone for the lynching of Phillip Gathers, a negro who was lynched for the murder of a young girl, as "lawless reigns supreme when the security of the law becomes a byword to be scoffed at."

SOUTHERN TEXTILE EXPOSITION OPENS AT GREENVILLE TODAY

(The Associated Press.)
GREENVILLE, S. C., Oct. 18.—The Southern Textile Exposition opened here today with a display of two million dollars worth of machinery and hundreds of delegates from the north and south.

KING ALEXANDER IS BETTER, SAYS REPORT

(The Associated Press.)
ATHENS, Oct. 18.—King Alexander, suffering from a monkey bite, is improved today, a bulletin on his condition said.

GEO. CREEL'S VISIT HAS NO OFFICIAL STATUS

(The Associated Press.)
WASHINGTON, Oct. 18.—The White House and state department officials denied today that George Creel's visit had any official status.

EFFORTS TO SETTLE STRIKE IN ENGLAND RELIEVES FEELING

(The Associated Press.)
LONDON, Oct. 18.—Reports that efforts to settle the coal strike have practically relieved the spirit of anxious uncertainty in the British nation. The available coal supply have been placed under the nation's control. With shipping steel and other industries crippled, thousands of men are unemployed.

WILSON REPROACHES REPUBLICAN NOMINEE FOR LEAGUE STATEMENT

Form Local Circles Child Conservation League of America

On Tuesday afternoon at 2:14 a local circle of the Child Conservation League of America will be formed for the peninsula towns of Daytona Beach and Seabreeze, at a meeting called for the auditorium of the Seabreeze High school.

On Thursday, October 21, at 4 o'clock a Daytona circle of the same organization will be formed at Casino Borgasne.

Some 65 or more women from the Triple Cities have already become members, and the membership is growing daily.

Since the beginning of the year 12 circles have been formed in this state, and plans are underway for many more.

It is a national work, with circles from Alaska to southern Florida, and from New England states to California.

Helping to make the world a better place to live in, laying special stress upon forming moral character and establishing social purity.

The problems of the adolescent years of girls and boys are one of many things given grave consideration. Co-operation is had with all organizations engaged in any branch of work along these lines, and earnestly desiring support and endorsement of all who are in sympathy.

The national president is Dr. Winfield Scott Hall, of Chicago.

COP GOES ON A "HANDSHAKING JAG"

(Newspaper Enterprise Association.)
MEMPHIS, Oct. 18.—One of the Memphis cops went on a "handshaking jag" and "met" everybody on the street. Now Chief of Police Burney is trying to identify the jovial policeman. "If I find out who it was, I'll fire him," he says.

WEST VIRGINIA HAS BEST EQUIPMENT FOR MINERS OF ANY STATE

(The Associated Press.)
CHARLESTON, W. Va., Oct. 18.—The West Virginia Bureau of Mines which is credited by experts with the best equipment in the country for rescuing entombed miners, has just added to its outfit for that work three new pieces of apparatus—a geophone, a carbon monoxide detector and a brass encased thermometer.

The geophone is similar to a physician's stethoscope. As the stethoscope is used to detect irregularities in the human body by sound, so the geophone is used to detect earth sounds. In this way entombed miners can be located noting the direction from which the sound vibrations come.

The brass-encased thermometer records maximum and minimum temperatures whereby it can be ascertained when it is safe to enter mines sealed to another fire. Hitherto, it has been a problem to know when to enter the shafts, but with thermometer dropped through a hole in the barricade, this can be determined easily.

The carbon monoxide detector is considered the most important piece of apparatus from the point of protecting the lives of rescuers. The gas is detected by a color tube and a color scale on the instrument. Formerly canary birds were used, but their use was not entirely satisfactory as the birds often succumbed to other gases, while a color detector instrument shows no other gas than carbon monoxide present. One tenth of one per cent of the gas is said to be fatal to a human being.

DRINKS POLISH, NOT MEDICINE

(Newspaper Enterprise Association.)
CINCINNATI, Oct. 18.—When Mrs. Ida Buchanan made a mistake between two bottles she made her last mortal error. The bottle from which she drank what she believed was medicine contained furniture polish.

FOREIGN OFFICE OF FRANCE DENIES ANY TALK WITH HARDING

(The Associated Press.)
WASHINGTON, Oct. 18.—President Wilson addressed a letter to Senator Harding today relative to the Republican nominee's statement made on Saturday that he had been approached "informally" by representatives of the French government regarding a new association of nations.

"I need not point out to you the grave and extraordinary inference to be drawn from such a statement, namely, that the government of France, which is a member of the League of Nations, approached a private citizen of a nation which is not a member of the League, with a request that the United States lead a way to world fraternity."

Report Denied by French Government. (International News Service.)

PARIS, Oct. 18.—The French foreign office today denied that official overtures had been made to Senator Harding on the subject of the League of Nations, but pointed out, however, that individuals may have spoken to Harding on the subject.

"Hesitates to Draw Inference." (International News Service.)

WASHINGTON, Oct. 18.—The president today addressed a letter to Senator Harding asking him whether he was correctly reported as stating that he had been approached by a representative of France and asked that the United States lead the way to a "world fraternity."

The president declared that he did not need to point out the "grave and extraordinary" consequences that might arise if a representative of a nation which is a member of the League of Nations had made such a proposal to a private citizen of the nation not a member of the league. The president said the state department had always found France "honorable mindful of international obligations" and he "hesitated to draw any inference" unless assured that Harding made the statement attributed to him.

PRISON DOCTOR WILL FEED M'SWINEY WHEN HE IS UNCONSCIOUS

(The Associated Press.)
LONDON, Oct. 18.—Lord Mayor of Cork Terence MacSwiney passed a good night but contracted a slight cold.

The prison doctor said his condition is precarious and when he becomes unconscious he will feed him.

BONE-DRY WORLD PREDICTED BY HEAD OF LARGE COLLEGE

(The Associated Press.)
PHILADELPHIA, Oct. 18.—A bone-dry world was predicted by Dr. M. Carey Thomas, president of Bryn Mawr college, in her address at the opening of the thirty-third year of the college. She said:

"Already it is possible to read the writing on the wall. In Great Britain and western Europe the consumption of wines in restaurants everywhere seems to be greatly decreased. The question of drastic regulation of the liquor traffic is to be voted on soon in Scotland, where the drunkenness of both men and women is a terrible thing. Huge and enthusiastic temperance meetings are being held in all the great cities and the growth of the temperance sentiment is very marked. Scandinavia is largely getting rid of drinking by the sternest kind of state regulation."

LOW PRICES

It has been tried before!
Other years farmers have seen the buying power bear down prices just when the food producers are upon the threshold of the market. And as often he has seen those same buyers boost prices immediately after getting their hands upon the food, wheat, meat, vegetables—whatever the farmer has sold.

The result always was hard times on farms.
Hard times there means less buying power for millions of Americans. Lack of farm buying means fewer city goods sold to rural customers. This, in turn, makes for unemployment in cities.

The city consumer does not benefit by these annual harvest price drops. The retailer is not buying directly from the producer. He is buying from the middleman, who, by the way, is the only man getting a profit out of the autumn price manipulation.

But the loss in rural buying power does affect the city man. It throws many city workers out of jobs.

Only a few reap the profit—those who depress prices to buy and increase them to sell.

The many reap the losses—the producers in field and factory.

And this woeful weakness in the marketing system has been revealed year after year.

CANADA'S MINISTER

There will be no Canadian minister plenipotentiary at Washington in the near future. This much was decided at the recent visit of Sir Auckland Geddes to Canada. Geddes will continue representing Canada and other British lands.

The reason back of the withdrawal of Canadian plans was the British belief that if Canada was permitted a special representative Australia and South Africa might ask for similar representation, not only at Washington but in other capitals. Also, it was thought that, granting Canada one minister, the Dominion might want representatives elsewhere.

British ambassadors will handle British affairs, and it will not be divided among several colonial ministers. No one pretends that this will please the Canadian nationalists, and on the other hand, nobody believes it will put an end to independence agitation in Canada.

FIGHT IN FRONT OF PREMIER'S HOME

(International News Service.)
LONDON, Oct. 18.—A great army of unemployed marching beneath the red flag stormed the official residence of Premier Lloyd George on Downing street this afternoon.

In a struggle outside of the official residence the walls of the buildings on both sides collapsed under the pressure of the crowd, many policemen and civilians being wounded in the furious fighting outside of the premier's residence.

The leader of the demonstration was pulled from his horse and arrested, a red flag seized and torn to strips. One hundred and fifty were injured.

CONTINUE CONVERSATIONS

(International News Service.)
WASHINGTON, Oct. 18.—Diplomatic conversations between the United States and Japan relative to the problem of Japanese immigration is being continued and the work is going on smoothly and apparently satisfactorily. Acting Secretary of State Davis announced today.

Davis said the conversations had not been discontinued, as reported in a Tokio dispatch.

SUPREME COURT DECISIONS

(International News Service.)
WASHINGTON, Oct. 18.—The United States Supreme court today decided it had no jurisdiction to set aside the divorce rendered in the state courts of Georgia to George Conklin from Mary Conklin and refused to review the case of a woman against the Augusta Chronicle for alleged libel. The woman argued her own case before the Supreme court.

40 BARRELS OF GIN AND WHISKEY GIVEN DELEGATES, REPORT

(The Associated Press.)
WASHINGTON, Oct. 18.—Attorney General Palmer has directed an investigation into reports that 40 barrels of whiskey and gin were withdrawn from bond in San Francisco for the entertainment of delegates to the Democratic convention.

AMERICAN BANKERS AFFORD RELIEF TO CUBAN SUGAR MEN

(The Associated Press.)
WASHINGTON, Oct. 18.—American bankers in conference with government officials and sugar companies have agreed to afford relief to the financial stringency in Cuba.

HERONS KILLED TO SAVE TROUT

(Newspaper Enterprise Association.)
HELENA, Mont., Oct. 18.—Over-anxiety for the protection of young trout is blamed for the slaughter of 270 blue herons in a day on an island in the Yellowstone river. Six residents of Reedpoint have been arrested and will be tried for violation of the federal migratory bird law in killing herons.

The six men, members of a gun club, do not deny they did the shooting and the townsfolk are behind them because herons have been destroying thousands of young trout daily.

The birds established a colony on the island and it was wiped out when the shooting took place.

United States Marshal J. L. Asbridge claims a heron couldn't catch a trout if it tried to and that the birds only eat frogs.

The United Kingdom, Germany and the United States were the chief markets for Chilean nitrate before the war.

MACSWINEY'S HUNGER STRIKE SURPASSES NOTED FRENCH CASE

(The Associated Press.)
PARIS, Oct. 18.—The long hunger strike of Mayor MacSwiney, of Cork, has caused much discussion here as to how long it is possible for a man to fast. Dr. Socquet has told the Paris Midi that the record is 63 days without food set by William Granier in 1931.

Granier had been sentenced to death and was confined in the prison of Toulouse. He said Dr. Socquet, "He had a horror of the guillotine and to save himself by that instrument, determined to starve which he did after 63 days.

MERCHANT ON KNEES AT PRAYER MEETING CONFESSES BURGLARY

(International News Service.)
GLENS FALLS, N. Y., Oct. 18.—A strange case of religious fervor and "conviction of sin" has developed in the South Glens Falls Methodist church, where, at the close of prayer meeting, M. B. Lindvall, a merchant of that village, arose from his pew, strode to the altar and, kneeling himself on his knees before it, confessed that he was guilty of a crime for which he was tried before a jury in Washington Cemetery and acquitted. Lindvall accompanied his startling demonstration with a downpour of tears and remained on his knees in prayer and lamentation for one hour, while the congregation gathered round him and wrung his hands in sympathy. It was 11 o'clock that night before the prayer meeting broke up. The pastor of the church, the Rev. C. P. Hogle, declares that never in his experience as a minister has he witnessed so sincere an expression of penitence and religious emotion.

In 1909 Lindvall conducted a second-hand store in Fort Edward, Washington county. A freight car was one night burglarized in the railroad yards in that village. A quantity of women's fur-lined coats was among the loot. The police later found the coats in Lindvall's store. He was indicted for receiving stolen goods.

The jury before which he was tried found him not guilty. The judge who presided at the trial and the district attorney who prosecuted Lindvall are both dead. The lawyer, Erskine C. Rogers, of Hudson Falls, who defended him, is now the county judge.

When it was suggested to Lindvall that his confession might lead to a prison term he replied: "What is ten years in Dannemora to eternity in hell?"

At one time Lindvall called himself by the title of "Reverend." He conducted a "rescue mission" in this city several years ago. "Cottage prayer meetings" were frequently led by him.

After his acquittal, in 1909, he went through bankruptcy. Then he disappeared from this section and returned about six months ago when he opened a store in South Glens Falls.

ALL ON ACCOUNT OF THE HUSBANDS

(Newspaper Enterprise Association.)
LONDON, Oct. 18.—Mrs. Charles Green asked a judge for a divorce. She didn't want her husband any longer. Another wife requested that the judge appoint someone to tame her mate. Still another explained that she was willing that her husband return home—as a boarder. All in the same court on the same day.

If you want help—try a classified.

LATEST NEWS ON THE TONER FROM NEW YORK MARKET

(Don Jones Service.)
Germany is expelling all Soviet delegates from that country.

Comptroller Williams came out today with another statement attacking Wall Street interests with foreboding high interest rates.

It is charged by the New York Herald that sharpers are buying government surplus stocks at sacrifice prices and are making big profits on sales.

President Obregon, at the Texas State Fair, pledges the payment of debts of Mexico and recognition of foreigners' legal rights.

The Standard Oil company is hailed by France as the company that helped to save Verdun.

Chairman Hays, of the National Republican committee, predicts that Harding will receive at least 378 electoral votes.

Federal Reserve Board's weekly statement shows banks' ratio has declined from 42.5 to 42.7 per cent.

SUCH IS LIFE

IN A DENTIST'S CHAIR

"And the part that worries me," declared Squire Abner Harpington, "is which one of 'em was real?"

The Squire has a way of opening a subject by concluding it. We handed the Squire a stick of kindling, (if you don't he'll whittle the edge of the desk.)

"I was experimentin' yesterday with the analgetic state of sub-conscious psychosis induced by nitrous oxide, more commonly known as laughing gas," explained Squire Harpington, misunderstandingly.

"I dropped in to see young Doc Yokum about my defective dentition," continued the Squire. "You know that ole snag of an eye tooth has been bothering me lately and I thought he'd snake 'er out for me. He did, and as Robert W. Bellright sez, 'Thereby depends an anecdote.'"

"He hitched a rubber hickey over my Roman nostrils and tells me to breathe deeply eight times; I observe the dictum of science.

"A great sheet of yellow flame leaps up and shakes and shimmers. 'Twas hot and 'twas cold but it was sort of heart warming. If you know what I mean, I felt superior like and happy all over without feeling inebriated. I can remember I saw my soul and talked with it and it talked about another soul I couldn't see.

"The flames was rising higher and still higher and I was just about to obtain connection with my astral bodies (Seemed just as slow as trying to call the Daily News and Gazette during the world series) when I heard Doc say: 'Sure was a tough one, Squire!'

"Now I contend: that's the doggondest experience of my old life."

LIKES JUGO-SLAVIA

(International News Service.)
COLUMBUS, Neb., Oct. 16.—Milos Dinitz has asked for and secured a divorce from his wife because she refuses to come to the United States from Jugo-Slavia, although he sent her money for the trip.

Y. TOWN

By R. C. B.
Dear K. C. B.—"Friend Husband" and I always enjoy your columns because they are so full of good common sense and humor, and are at least—so human.

And because he reads them, will you please write him a special note of "CONSIDERATION"?

He tells his friends what a wonderful wife he has. And yet, when the least little thing goes wrong at the office or elsewhere, he ignores the whole family and refuses to speak to me for a week at a time. I am alone in my misery and I feel life is too short to be wasted in such an unpleasant way, and when I come across this little piece of poetry the other day I found it any sorrow that it expressed my sentiments exactly.

NEVER AGAIN!

I will sing with you; I will jest with you;
I will dance with you down the year.
But trudge a day on a weary way?
Not willingly, my dear.

I will feast with you when the lights are black,
And the hall is warm with cheer.
But share a crust in a garret's dust?
Never again, my dear.

For the gold of the heart is given once—
Yes, once, and but once, I fear.
And a true love stain comes back to reign
Never again, my dear.

K. C. B., I'd rather have married a good natured, cheerful fool than a brilliant crab.

THAT'S ALL.
THERE ISN'T any more.
SHE DIDN'T sign it.
OR ANYTHING.
AND I'M printing it.
JUST AS IT IS.
AS A terrible warning.
TO ALL the crabs.
AND A ray of hope.
TO THE cheerful fools.

AND IF he reads it,
I HOPE he'll stop.
AND LOOK a little.
AND LISTEN a lot.
AND REALIZE.
THAT THE sphinx-like silence
OF A wounded wife,
MAY BE the hall,
BEFORE THE storm.
I THANK YOU.

TRAMP TOTED HIS FORTUNE

(Newspaper Enterprise Association.)
MONROE, Wis., Oct. 18.—Sam Haack was arrested when found calmly smoking a cigar in a farmer's hay mow. He was charged with vagrancy and released on \$1000 bail.

He pleaded not guilty and when officers searched him they found a tobacco bag sewed to his trousers leg containing \$700.

Two more bags containing same currency, two deposit certificates and a \$100 Liberty bond.

All told, \$2200.

Haack claimed that he was a big maker from Chicago. His brother, William Haack, stated that Sam had always been an industrious worker but was inclined to wander.

SAVED BY HIS SAVINGS

IN TIME OF TROUBLE when he is in "deep water," there isn't a better life preserver than a man's own bank account.

But the man who is thrifty, not shift, rarely gets into financial "deep water."

And many a man has laid the cornerstone of future and fortune with his first deposit.

It gave a glimpse of the goal, supplied the incentive to strive, save, accumulate, amass.

Which will it be for you—shiftiness or thriftiness? A dollar deposit here today may determine it.

Negro Home West of Jacks Burned to Ground at Midnight

A Daytona fire department was called at just midnight last night in answer to a call from a negro home west of Oak avenue, where the Dorgan family was almost completely burned to ground before the call was put.

The man and his family escaped, nothing was saved from the home, the house burning to the ground. It was necessary to lay more than 1,000 feet of hose to reach the site of the fire, and while everything was done by the fire fighters, the house was saved.

Personal

W. Marshall and party arrived yesterday by motor from a summer trip in the north and are established at Daytona Beach for the winter season.

Deep in mind the Baptist Church.

R. and Mrs. Wilbur A. Drake are expecting the arrival of the winter season and will occupy their new residence on North Ridgewood avenue for the winter season.

USED BICYCLE SALE Prices to your pocketbook. New Montgomery bicycles, \$45.00 and up. Easy terms at Gene Johnson's.

Mr. and Mrs. Frank Ellis were among the winter arrivals on Friday morning, and are located for the season in their newly purchased home on South Palmetto avenue.

BICYCLE BARGAINS DUNN Bros. new slightly scratched bicycle for a year-old girl, \$30.00.

Heavy delivery bicycle, in excellent condition and a big bargain at \$20.00. Lightly used Lady's Crown Special, \$18.00.

Bicycle with coaster-brake for six-year-old girl, \$10.00.

Geo. W. Balch, manager of the Daytona store of Anthony Bros., left yesterday evening to attend a meeting of the company in West Palm Beach, expecting to return in several days.

W. E. Huey, who last season was manager of the Clarendon office of agent D. Cates & company, brokers, spent Sunday as the guest of Mr. Christ at his home on Orange street.

Mr. and Mrs. R. Purdue are among the arrivals this week from the north, having come from Nantucket and Mass., where they conduct a business during the summer months. They plan to soon open their Volusia house millinery shop for the winter season.

The Misses Clara and Mary Miner arrived Friday evening from summer visits in Cincinnati and Pittsburgh and other northern cities, and are comfortably located in their apartments on Live Oak avenue for the winter.

Fighting Costs a Negro a Term in Jail, \$25.00 Fine

Lennie Thomas and Sol Sampson, both colored, appeared in police court this morning charged with disorderly conduct in fighting in the negro section of the city Saturday night. Thomas being fined \$25, or the option of a jail sentence, while his companion was discharged.

Geo. Hawkins, colored, also appeared on a charge of disturbing a religious meeting, and his case was continued to Tuesday morning.

Economy Sale at the Bee Hive Store

The Bee Hive Department store on North Beach street has inaugurated an "Economy Sale," in which J. W. Fulgham, the proprietor, is determined to sell his entire stock of merchandise in order to make room for a large shipment which is due for the winter season.

No reserve has been placed on the stock, every article of merchandise in the large store being placed on sale at greatly reduced prices. From 20 to 50 per cent off is offered on suits, overcoats and shoes, in order that mothers may stock up for their children for the school season.

A visit to the Bee Hive will pay in big dividends at this time on money saved.

Mr. and Mrs. Alexander Burdon arrived this week from their home in the north and are now occupying their Magnolia avenue residence.

Mrs. Elizabeth Wilder Huston and her sister, Miss Mollie C. Wilder, and aunt, Miss Fannie Coe, who have been spending the summer, as usual, in Asheville, will arrive this evening and open their home on South Beach street.

DROPPED DEAD AT FIRST SHAKE

(Newspaper Enterprise Association.)
TERRE HAUTE, Ind., Oct. 18.—Mickey could fight if he had to, but Mickey wasn't a scrapper, for all his fighting name. His owner, Edward Latamers, approached Mickey's cage, doubled his fist and shook it at the little canary. Mickey ruffled his feathers. "I'm not going to hurt you," said Latamers. "Only want to play, Mickey." Too late! Mickey had dropped dead at the first fist shake.

Nelson Mounts Lands in Court of Bankruptcy

Attorneys David Shultz and T. E. Fitzgerald today filed a petition in Federal District court at Jacksonville asking that Nelson Mounts, who recently left Daytona between two sons because his first wife was about to take steps to compel him to pay alimony, and who was heavily involved financially, be adjudged a bankrupt.

The petition was filed on behalf of Cameron & Barkley company, the Gazette-News company, W. B. Mills, and others. The assets and liabilities are not known.

Senator Trammel Daytona Visitor

Sen. Park Trammel, of Lakeland, Junior United States senator from the state of Florida, was the guest of Mr. and Mrs. W. M. Hankins Sunday, leaving that afternoon for Jacksonville, but returning to Daytona again this afternoon, when he was taken to DeLand by Mr. Hankins and took the train to Lakeland. Senator Trammel has been speaking in Ohio on campaign issues for the past two weeks and leaves tomorrow for the Buckeye state to fill further speaking engagements on behalf of the Democratic ticket.

*MME. CHARLOTTE taking orders for exclusive creations at popular prices. 28 S. Beach St. 24-10-18-71

Mr. and Mrs. D. A. Michael motored down from their summer home, stopping enroute at Williamstown, Ky., arriving here Saturday afternoon. They are now occupying their lovely home on South Ridgewood avenue.

Mrs. Bennett Buried Pinewood Cemetery on Sunday Afternoon

The body of Mrs. Victoria Bennett, Daytona pioneer, and wife of Captain S. Bennett, of the Tourist hotel on Palmetto avenue, was laid to rest in Pinewood cemetery Sunday afternoon, following services conducted at the late home of the deceased at 3 o'clock.

Rev. W. L. Lewis, pastor of the Congregational church, of which Mrs. Bennett had been a member for many years, officiated at the services, speaking of the residence of 60 years of Mrs. Bennett in this section and of the sturdy and helpful life which she led in pioneer days of Daytona.

Three sons of the deceased attended the last sad rites, together with the husband, also a large number of friends who had known her for many years.

CHARLESTON NURSE IS GLAD TO RECOMMEND RE-CU-MA

Knows It to Be a Very Good Medicine, and Does Not Hesitate to Tell Her Friends of the Good She Received.

For a very long time Mrs. S. A. Savvis, of 16 Morris Street, Charleston, South Carolina, suffered with a general run down system so much so that she was not able to attend to her duties as a nurse frequently. Mrs. Savvis, if she had been like many women, would have gone to a rest cure to recover her health. But instead she saved both time and money by taking that wonderful herb and root medicine RE-CU-MA, and after the first bottle she could feel strength

caching back daily and generally renewed health and vigor. Many bottles of RE-CU-MA have been sold in Charleston as a result of the words spoken for it by Mrs. Savvis. RE-CU-MA is sold by Hankins' Drug Co. and all good drug stores for \$1.25, plus war tax.—Advt.

Dr. Meinhardt, Chiropractic Physician of Daytona, Has Discovered Cause of Eczema

Daytona, Florida, May 3, 1920.

To Whom It May Concern:

In the summer of 1914 I was taken sick with eczema, which soon covered my entire body. My family doctor treated me for several months, but I grew worse all the time. I changed doctors and went under treatment of another medical doctor, but receiving no benefit went to one doctor after another who were recommended to me to be the best in this part of the country, and was under their treatment and their medicine for six years. During these six years I was under the treatment of seven different medical doctors, none of whom were eczema specialists.

I also took every eczema medicine I ever saw advertised and everything anyone advised was good for eczema. I also took electrical treatments, but continued to grow worse all the time.

Last year I began to think that there was no more hope for me. The eczema had eaten holes in places in my body, and into the cords in the back of my legs, and I could not straighten my knees or lay down to sleep at night.

Dr. E. J. Meinhardt, Chiropractic Physician of Daytona, Florida, was recommended to me, and I went to see him, and after he had examined me, he stated that my eczema was caused by pressure on the nerves passing out of my spine; that several of the small bones of my spine were out of place and pressing against the nerves and that after these bones were put back in place I could not help but get well.

Dr. Meinhardt then began giving me his Chiropractic spinal adjustments, and within one week's time I could notice the sores on my body growing better. I continued taking the spinal adjustments three times a week for three months and I am very glad to say that I am now well and feeling better than I have felt for several years. When I first began taking the treatments under Dr. Meinhardt I was not able to work at all, and had not been able to do so for several months. My appetite is now normal and I am able to do physical labor the same as I could before having contracted the disease of eczema.

I am of course very grateful and thankful to Dr. Meinhardt and the Science of Chiropractic for my present normal state of health.

Yours very truly,
THOMAS WETHERELL,
32 Emmett Street, Daytona, Fla.

SEBINA BANKS HIGH IN TUBERCULOSIS—GREEK COMES NEXT

The American Lung Association, in its annual report on tuberculosis, has placed the Greek people in the second position in the world in the prevalence of the disease.

The report, which is the first of its kind, shows that the Greek people have the highest incidence of tuberculosis in the world.

The report also shows that the American people are in the third position in the world in the prevalence of the disease.

The report also shows that the Chinese people are in the fourth position in the world in the prevalence of the disease.

The report also shows that the Japanese people are in the fifth position in the world in the prevalence of the disease.

The report also shows that the Indian people are in the sixth position in the world in the prevalence of the disease.

The report also shows that the British people are in the seventh position in the world in the prevalence of the disease.

The report also shows that the French people are in the eighth position in the world in the prevalence of the disease.

The report also shows that the German people are in the ninth position in the world in the prevalence of the disease.

The report also shows that the Italian people are in the tenth position in the world in the prevalence of the disease.

The report also shows that the Spanish people are in the eleventh position in the world in the prevalence of the disease.

The report also shows that the Portuguese people are in the twelfth position in the world in the prevalence of the disease.

The report also shows that the Dutch people are in the thirteenth position in the world in the prevalence of the disease.

The report also shows that the Belgian people are in the fourteenth position in the world in the prevalence of the disease.

The report also shows that the Swiss people are in the fifteenth position in the world in the prevalence of the disease.

The report also shows that the Austrian people are in the sixteenth position in the world in the prevalence of the disease.

The report also shows that the Hungarian people are in the seventeenth position in the world in the prevalence of the disease.

The report also shows that the Czech people are in the eighteenth position in the world in the prevalence of the disease.

The Facts of the Telephone Situation in Florida

By J. Egge Brown, President, SOUTHERN BELL TELEPHONE & TELEGRAPH

The Service Station

Telephone service should be adequate, efficient and reliable; sufficient in quantity, satisfactory in quality and without interruption.

Adequate service is dependent upon adequate facilities. Efficient service is dependent upon a sufficient number of trained employees to maintain and operate the facilities.

Dependable service is dependent upon both adequate facilities and trained forces.

The facilities are paid for with the money invested in the system. Trained forces are paid with the money paid to the public for the service furnished.

In no other way can these essential requirements of service be met. The facilities are paid for with the money paid to the public for the service furnished.

Subsequent statements will show that the Company has to meet its obligation to furnish both facilities and forces.

Everyone knows that this Company's service has been provided. Throughout the war and in spite of strikes and most abnormal conditions even before, our service was not interrupted. While the service now is not able to meet the unprecedented demand, due to causes which will be given later, the facts show that the Company is now furnishing a greater quantity of service than ever before.

The following figures show the service furnished within the State of Florida.

EXCHANGE SERVICE

Year	Number of Exchanges	Number of Lines
1919	1,000	100,000
1920	1,100	110,000
1921	1,200	120,000
1922	1,300	130,000
1923	1,400	140,000
1924	1,500	150,000
1925	1,600	160,000
1926	1,700	170,000
1927	1,800	180,000
1928	1,900	190,000
1929	2,000	200,000
1930	2,100	210,000
1931	2,200	220,000
1932	2,300	230,000
1933	2,400	240,000
1934	2,500	250,000
1935	2,600	260,000
1936	2,700	270,000

An average gain of 854 telephones per year.

Since 1919 the performance was:

Year	Number of Exchanges	Number of Lines
1919	1,000	100,000
1920	1,100	110,000
1921	1,200	120,000
1922	1,300	130,000
1923	1,400	140,000
1924	1,500	150,000
1925	1,600	160,000
1926	1,700	170,000
1927	1,800	180,000
1928	1,900	190,000
1929	2,000	200,000
1930	2,100	210,000
1931	2,200	220,000
1932	2,300	230,000
1933	2,400	240,000
1934	2,500	250,000
1935	2,600	260,000
1936	2,700	270,000

During 1936 the net gain was 160 per cent greater than the average gain for the five previous years. If the rate of net gain during the five first months of 1936 is maintained throughout the year, the 1936 gain will be 24 per cent greater than the normal average annual gain.

The average number of calls made from the exchange stations has greatly increased, so that the Company is now furnishing several hundred thousand more exchange messages from the same number of telephones, than ever before.

TOLL SERVICE

Year	Number of Exchanges	Number of Lines
1919	1,000	100,000
1920	1,100	110,000
1921	1,200	120,000
1922	1,300	130,000
1923	1,400	140,000
1924	1,500	150,000
1925	1,600	160,000
1926	1,700	170,000
1927	1,800	180,000
1928	1,900	190,000
1929	2,000	200,000
1930	2,100	210,000
1931	2,200	220,000
1932	2,300	230,000
1933	2,400	240,000
1934	2,500	250,000
1935	2,600	260,000
1936	2,700	270,000

The volume of toll service during 1936 was 62 per cent greater than during 1935, and if the volume of toll service for the first five months of 1936 is maintained throughout the year, the volume of toll service during 1936 will be 132 per cent greater than during 1935.

Does this record outside this Company to your request? If it does, your interest demands that you let it be known.

That everyone cannot now be served is due to the unparalleled demand and the abnormal conditions of the manufacturers and means of transportation; all of which will be shown.

The next statement will show the facts as to the quality of the service.

Lost between Standard Oil service station on South Palmetto avenue, or Daytona and DeLand road. Finder please return and receive reward. G. H. Wood, Merchants Bank. p19-15-3t

SENDBIA RANKS HIGH IN TUBERCULOSIS; GREECE COMES NEXT

(The Associated Press.)

ATHENS, Oct. 15.—Tuberculosis is more prevalent in Greece than in any other European country for which reliable figures are available, with the possible exception of Serbia. There is no governmental or private program for the control of the disease. The number of physicians in proportion to the population is one to every 1,500.

In the city of Athens the death-rate from tuberculosis of the lungs is 254 per 100,000 of population, which is about twice as high as the rate in the United States. The other forms of the disease also are present, making the total tuberculosis death-rate 365 per 100,000 of population. One death in every six is due to tuberculosis.

To deal with the disease the existing agencies are very inadequate. There is little or no hospital provision for the care of the bulk of the population of 5,000,000. There are less than a score of general hospitals in the country.

There is also an alarming prevalence of typhoid fever, which at times rises to the proportion of an epidemic. Even in the larger cities such as Athens the typhoid death-rate is strikingly high. In the last three-year period for which statistics are available the rate was 59 per 100,000.

For Rent.

BEAUTIFUL AND COMPLETE apartments for two or three persons. 40 Orange Ave. Apply 128 Palmetto. 5-10-8-1t

FOR RENT—Two-room apartments, one block from Beach street. Phone 40-W or call 24 Volusia avenue. 872-9-23-1t

Wanted to Buy.

WANTED TO BUY—We buy furniture, rugs and all kinds of household furnishings for cash or exchange. Have for sale a number of new and second-hand oil stoves and bakers. The Exchange, Phone 609, 121 Atlantic Ave., Daytona Beach. 9-10-12-1t

WANTED STRICTLY FRESH layered eggs for hatching. No White Leghorns desired. Arroyo, 304 S. Ridgewood, Daytona. Telephone 557. 875-9-24-1t

SECOND HAND furniture bought and sold. Fair prices paid for used goods. Do not want wooden beds, gasoline ranges or junk. C. H. Lane, 121 North Beach street. Phone 376-J. 629-9-16-1t

of population, about five times as high as the rate in the United States. The prevalence of this disease is due largely to the absence of sewers and of adequate and safe water supply. No improvements in the water supply or sewerage systems have been made since 1908. The rudimentary sewage system, where any exists, affords little or no protection against surface or underground contamination of water supply, and no safeguard against conveyance of infection. In Athens plans have been drawn by the national government to provide the city with adequate and modern water and sewer systems. But the execution of these plans has been delayed by the war. The water supply in Athens is at present brought in through an aqueduct built by the Emperor Hadrian nearly 2,000 years ago. In the summer months the water is insufficient to carry off the sewage.

WEEK OF FASTING TOO MUCH FOR HER

(Newspaper Enterprise Association.)

LOUISVILLE, Ky., Oct. 15.—Sarah E. Wells, 21, arrested on a charge of passing a worthless check, declared she fasted until her father, T. E. Wells of Buffalo, Ky., sent money to cover the check. Two days went by and when she was called into court, she learned her case was continued for a week. That meant too much fasting. She cried, and then she ate.

CARPET CLEANING

There is a carpet cleaner in town.

His prices are reasonable.

His service is prompt.

He will clean your rug on the floor, or at his shop.

He also deals in Second-hand Goods, buying and selling.

The name of this place of business is The Exchange.

His address is 121 Atlantic Avenue, Daytona Beach, north of Seaside Inn.

His telephone number is 609.

His name is H. W. Hoover.

THANK YOU

BLOOD IS FUEL TO THE BODY

Pumped Through the System by the Heart It Sustains the Muscles and Tissues.

PEPTO-MANGAN HELPS BLOOD

Keep the Quality of Your Blood at its Best—It Means Vigorous Health and Ability to Accomplish.

Blood acts like a fuel. Pumped through the body by the heart, it sustains the muscles and tissues. It renews them. It feeds the brain—the tissues of the eye and face. That is why people look so pale and lifeless when blood is impoverished. The body tissues are being supplied with weak fuel. The blood has not enough red corpuscles. You would not eat poor food with no nourishment in it; no more should you let the fuel that supplies sustenance to your entire body be inferior. Have good blood. Improve the quality and keep it at its best.

If you look pale and feel weak, if you have lost your enthusiasm and energy, if your blood is clogged with poisons, your system is being fed with a poor grade of blood. That is no way to go around. If you are not at your best, get at the source of the trouble right away. Put an end to half-living. Take that ideal tonic, Pepto-Mangan, to tone up your blood and purify it. Get the full enjoyment out of living. Breathe fresh air, take exercise. Be sure to ask for "Gude's Pepto-

TO ALL WHOM IT MAY CONCERN

This is to give public notice that my son, Kemp Barbe, has left my home without any cause, and that I will not be responsible for any debts he may create, and you are put on notice not to cash any checks bearing my name as maker.

SCATTERED NAILS OVER THE PAVING!

(Newspaper Enterprise Association.)

SAN DIEGO, Oct. 15.—Angered that motorists disregarded his red warning lights and insisted upon driving over the fresh paving he was laying, Contractor John Engstrom scattered 10 pounds of roofing nails on the paving. Except a high navy officer who drove 100 feet over the pavement and punctured all tires, no other car has approached the new work.

If you want a job—try a classified.

The Facts of the Telephone Service in Florida

By J. Epps Brown, President.
SOUTHERN BELL TELEPHONE & TELEGRAPH

The Service Station

Telephone service should be adequate, efficient and reliable; sufficient in quantity, satisfactory in quality and without interruption.

Adequate service is dependent upon adequate facilities.

Efficient service is dependent upon a sufficient number of trained employees to maintain and operate the facilities.

Dependable service is dependent upon both adequate facilities and trained forces.

The facilities are paid for with the money invested in the business. Trained forces are paid with the money paid to the company by the public for the service furnished.

In no other way can these essential requisites of service be had. The needed facilities are never paid out of the earnings of this company, and the employees are never paid out of the earnings of the company.

Subsequent statements will show what the Company has done to meet its obligation to furnish both facilities and forces.

Everyone knows that this Company's service has been dependable. Throughout the war and in spite of strikes and most abnormal conditions ever known, our service was maintained without interruption. While the service now is not adequate to meet the unprecedented demand, due to causes which will be given later, the facts show that the Company is now furnishing far greater quantity of service than ever before.

The following figures show the service furnished within the State of Florida.

EXCHANGE SERVICE

	Telephones installed	Telephones discontinued	Net gain
1915	4,872	4,346	526
1916	6,060	4,384	1,676
1917	5,348	4,524	824
1918	4,720	3,902	818

An average gain of 834 telephones per year.

Since 1918 the performance was:

	Telephones installed	Telephones discontinued	Net gain
1919	5,181	4,315	866
1920 (5 mos.)	3,042	2,815	227

During 1919 the net gain was 160 per cent greater than the average gain for the four previous years. If the rate of net gain during the first five months of 1920 is maintained throughout the year, the 1920 gain will be 24 per cent greater than the normal average annual gain.

The average number of calls made from the exchange stations has greatly increased, so that the Company is now furnishing several hundred thousand more exchange messages, from the same number of telephones, than ever before.

TOLL SERVICE

	317,846 toll messages
1915	447,446
1916	528,179
1917	545,291
1918	574,296
1920 (first five months)	371,046

The volume of toll service during 1919 was 82 per cent greater than during 1915, and if the volume of toll service for the first five months of 1920 is maintained throughout the year, the volume of toll service during 1920 will be 137 per cent greater than during 1915.

Does this record entitle this Company to your support? If it does, your interest demands that you let it be known.

That everyone cannot now be served is due to the unparalleled demand and the abnormal conditions of the manufacturer and means of transportation; all of which will be shown.

The next advertisement will give the facts as to quality of the service.

Fla.
